Marble Tiles

“Un saper fare tutto italiano”  
“An Italian Know-How”

A vertical stack of numerous white marble tiles. Each tile has the words "MADE IN ITALY" printed in a dark, sans-serif font. The tiles are stacked closely together, creating a rhythmic pattern of light and dark lines. The lighting is soft, highlighting the texture of the marble.

Modulmarmo  
Tiles

Le nostre marmette su misura calibrate per pavimenti e rivestimenti.  
Un prodotto finito di altissima qualità, che brilla di luce propria grazie alla meticolosa selezione dei marmi, alla lavorazione scrupolosa e a un eclettico ventaglio di declinazioni per colore, tonalità e venatura.

*Our custom-made tiles for floors and walls.  
A finished product of the highest quality, which shimmers in its own light thanks to the meticulous selection of marble, painstaking workmanship and eclectic range of colours, tones and vein patterns.*

Le nostre tiles sono il frutto di una selezione accurata di pietre naturali. Ogni marmetta modulare è il risultato della nostra abilità, un connubio tra tecnologia e artigianalità che crea un prodotto interamente **Made in Italy**. Niente è lasciato al caso.

Diamo una seconda vita a tutti i materiali non utilizzati, recuperando gli scarti per creare nuovi prodotti, tra cui lastre, mosaici e elementi ricomposti.

*Our tiles are the result of a careful selection of natural stones. Each modular tile is the outcome of our skill, a blend of technology and craftsmanship that produces a product entirely **Made in Italy**.*

*Nothing is left to chance. We give a second life to all unused materials, recovering scraps to create new products, including slabs, mosaics, and reconstituted elements.*
